- [How much is an Enterprise license?](#)

# Can I upgrade to Pro? How much is the upgraded version?

Heatpunk Pro is available at £35/month/user and you can upgrade or cancel at any time. For more information on the features of Pro see [Are there different versions of Heatpunk?](#).

An enterprise license is available, as a bespoke purpose built software solution, pricing differs depending on the complexity of the development work required. Following a one-to-one consultation, the team will supply a detailed quotation outlining project scope, development cost, license fee and completion time frame. For more information on Enterprise see [What are some example Enterprise features?](#).

We always aim to be as transparent and fair with our pricing structure. The development cost will be agreed upon before work commences and can be paid upfront or with regular instalments. The ongoing license fee covers corporate multi-user access with company wide training and support. Plus ongoing maintenance to ensure an up to date, safe and secure user experience.

# Are there different versions of Heatpunk?

Yes there are a few options with Heatpunk. These are Standard, Pro and Enterprise.

## Standard - Free to use

- Generates heat load calculations, compliant with MCS heat pump design standards (MIS 3005-D)
- Room by room heat loss
- Sizing of heat pump and DHW storage (cylinder)
- Sizing of radiators at different flow temps
- MCS sound & performance assessments built in
- Generate quotes and reports
- Only has Midsummer products (heat pumps and DHW storage)

## Heatpunk Pro - £35/month/user

- Pre-install Survey (can upload site photos)
- Can add in components (only Pro users can add in non-Midsummer heat pumps and hot water storage)
- Customisation and branding project reports
- Automated DNO applications
- Access to Shrunk Punk
- Team collaboration: sharing of projects, custom components and material sets
- Automatic pricing for financial task (save your pricing logic)
- E-signing
- Import floor plans

## Enterprise

- Fully bespoke stand alone site
- Has it's own URL and your branding
- Control over users
- Populate your own documentation with the data produced
- Additional forms and projects sharing
- Control over components
- CRM and API integrations

# I need specific features tailored to the needs of my business

Following a consultation process, our Enterprise solution allows custom versions of **Heatpunk** to be developed. Unique features, widgets and tweaks tailored to your exact requirements. Peace of mind guaranteed.

For more information on this topic, see [What are some example Enterprise features?](#) or get in touch ([help@heatpunk.co.uk](mailto:help@heatpunk.co.uk)).

# What are some example Enterprise features?

- White-labelled software with custom branding
- Bespoke handover reports
- Customer-focused design tool for your own website
- Streamlined customer-facing retail design mode
- CRM and QMS support
- Custom automated forms and PDFs
- Digital customer confirmation with e-signature support
- Unique features designed to your exact specification
- API integration with existing company systems

# How much is an Enterprise license?

As a bespoke purpose-built software solution, pricing differs depending on the complexity of the development work required. Following a one-to-one consultation, the team will supply a detailed quotation outlining project scope, development cost, license fee and completion time frame.

We always aim to be transparent and fair with our pricing structure. The development cost will be agreed upon before work commences and can be paid upfront or with regular instalments. The ongoing license fee covers corporate multi-user access with company-wide training and support. Plus ongoing maintenance to ensure an up-to-date, safe and secure user experience.
