# General

General

# Who is Heatpunk suitable for?

Everyone! Heatpunk has been designed with simplicity in mind. No technical knowledge required. Simply let Heatpunk guide you through the design process step by step.

General

# Are there different versions of Heatpunk?

Yes there are a few options with Heatpunk. These are standard, Pro and enterprise.

## Standard - Free to use

- Generates heat load calculations, compliant with MCS heat pump design standards (MIS 3005-D)
- Room by room heat loss
- Sizing of heat pump and DHW storage (cylinder)
- Sizing of radiators at different flow temps
- MCS sound & performance assessments built in
- Generate quotes and reports
- Only has Midsummer products (heat pumps and DHW storage)

## Heatpunk Pro - £35/month/user

- Pre-install Survey (can upload site photos)
- Can add in components (only Pro users can add in non-Midsummer heat pumps and hot water storage)
- Customisation and branding project reports
- Automated DNO applications
- Access to Shrunk Punk
- Team collaboration: sharing of projects, custom components and material sets
- Automatic pricing for financial task (save your pricing logic)
- E-signing

## Enterprise

- Fully bespoke stand alone site
- Has it's own URL and your branding
- Control over users
- Populate your own documentation with the data produced
- Additional forms and projects sharing
- Control over components
- CRM and API integrations
