Are there different versions of Heatpunk?

Yes, there are a few options with Heatpunk. These are **Standard, Pro** and **Enterprise**. You can find out more about each option below.

Standard - Free to use

- Generates heat load calculations, compliant with MCS heat pump design standards (MIS 3005-D)
- Room by room heat loss
- Sizing of heat pump and DHW storage (cylinder)
- Sizing of radiators at different flow temps
- MCS sound & performance assessments built in
- Generate quotes and reports
- Only has Midsummer products (heat pumps and DHW storage)

Heatpunk Pro - £35/month/user

- Pre-install Survey (can upload site photos)
- Can add in components (only Pro users can add in non-Midsummer heat pumps and hot water storage)
- Customisation and branding on project reports
- Automated DNO applications
- Access to Shrunk Punk
- Team collaboration: sharing of projects, custom components and material sets
- Automatic pricing for Financial task (save your pricing logic)
- E-signing
- Import floor plans

Read more information about Pro here

Enterprise

- Fully bespoke, stand-alone site
- Has its own URL and your own branding
- Control over users
- Populate your own documentation with the data produced
- Additional forms and projects sharing

- Control over components
- CRM and API integrations
