Are there different versions of Heatpunk?

Yes there are a few options with Heatpunk. These are Standard, Pro and Enterprise.

Standard - Free to use

- Generates heat load calculations, compliant with MCS heat pump design standards (MIS 3005-D)
- Room by room heat loss
- Sizing of heat pump and DHW storage (cylinder)
- Sizing of radiators at different flow temps
- MCS sound & performance assessments built in
- Generate quotes and reports
- Only has Midsummer products (heat pumps and DHW storage)

Heatpunk Pro - £35/month/user

- Pre-install Survey (can upload site photos)
- Can add in components (only Pro users can add in non-Midsummer heat pumps and hot water storage)
- Customisation and branding project reports
- Automated DNO applications
- Access to Shrunk Punk
- Team collaboration: sharing of projects, custom components and material sets
- Automatic pricing for financial task (save your pricing logic)
- E-signing
- Import floor plans

Enterprise

- Fully bespoke stand alone site
- Has it's own URL and your branding
- Control over users
- Populate your own documentation with the data produced
- Additional forms and projects sharing
- Control over components
- CRM and API integrations
