Leads Dashboard

Where to find your leads?

Leads that have been submitted through the Shrunk Punk tool can be located in the Leads tab on the Heat Punk homepage.

A screenshot of the 'Leads' dashboard in the HEATPUNK application. The page title is 'Leads'. Below the title is a search bar and a pagination control showing page 1 of 9. A table displays two lead entries. The first lead (ID 327) is in 'Project' status, and the second (ID 326) is in 'Dismissed' status. Both leads are for a customer named 'Angus' and were created on 06/11/2024. The table columns are Lead ID, Status, Address, Date Created, Customer Name, System Info, and Actions. In the Actions column for each lead, there is a 'Prod' button, a three-dot menu, and a right-pointing arrow icon. The arrow icon for the first lead is highlighted with a red rectangular border.

Lead ID	Status	Address	Date Created	Customer Name	System Info	Actions
327	Project	46 Humber Road, WRS 1LW	06/11/2024	Angus	92.0 m³ 5.2 kW	Prod ... 
326	Dismissed	70, Carlton Way, CB4 2DG	06/11/2024	Angus	71.84 m³ 4.5 kW	Prod ... 

To see the full details of the lead, click on the arrow button on the right hand side.

Following up leads

You can email your new leads directly through Heat Punk by clicking the contact button. This will bring up an email template which is fully customizable and can be set up to come from your company email.

Subject

Still interested in a heat pump quote?

A few days ago you used our heat loss estimator to check your house for suitability for a heat pump installation. We've not heard back from you yet, but if you would like to take up our offer of a price for installation of a heat pump we'd be delighted to help! Just let us know and we will get that underway as soon as we can.

If you'd rather not proceed with a heat pump quote at the moment, just let us know.
